

Presentation

Hanne Line Skovgaard Revsbech

Lykkegården [happiness-farm]

- Married to Søren, 5 kids
- 350 Holsteins
- 400 hectors farmland
- Yield 13.700 kg EKM
- 5 Delaval milking robots
- 4 employees

Delivering public goods

- Presentable farm
- Biodiversity
- Visits from students, groups, kindergardens

- Access to nature and farmlands
- Collaboration between organizations

Our role and engagement in the local community

Attention and awareness about the farm takes up a lot of space in the landscape

- ‘Don’t be a stranger’
- Show up for local events
- Manure SMS, no smell on weekends and holidays
- Allow access to nature, paths on our land
- Flowers for bees and humans
- Lots of visitors

Sustainability and dairy farming

"My most important task is to leave the farm and the land to the next generation in good shape – like it was for my parents and the ones before them"

Clima tjek / climate check for 15 years on our farm

Output/input

- Milk production and animal health
- Efficiency on farmland – tons/hectares - fertilizer – management
- The milk to heat up the house
- Biodiversity
- Resilience and economics
- Farm Life – a way of life
